Subject: Our activities

Dear Sir,

Enclosed[1], you will find a description of our activities and a check of $149.95 corresponding to your invoice #439 dated 05/28/93 for:

- 1 PiCTEX manual, describing completely all the commands implemented by the macros written by M.J. Wichura. If the manual doesn't respond to our demand, we will send it back, ans ask for complete refund.
- 1 PiCTEX software on 5.25 inch floppy disk. The disk is to be formatted in IBM PC compatible format.
- 5 PiCTEX Quick Reference Cards.

We'll be happy if you could send us a detailled list of your products.

We are a software developing team, and our work involves:

Editors	Full-screen editors for PC and compatibles.
Compilers	Full range of compilers for PC and compatibles. It includes ADA, BASIC, C, FORTH, FORTRAN, ICON, LISP, MODULA-2, PASCAL and PROLOG compilers.

[1] In fact, the check will be sent by separate mail
