Operating Systems Multitasking, real-time OS.

Utilities A lot of useful add-on software.

We can produce cross-reference tables of product compatibilities for various software and vendors.

gnuBASE IV	419.00	nul	ok
GNATUS 123	489.95	complete	N.A
Turbo Foo	99.95	partial	good

We can also furnish scientific text processing systems for your computer, or for your site (Education licenses!) Here are some examples of our outputs:

$$\begin{aligned} x &= 17y && (1) \\ y &> a+b+c+d+e+f+g+h+i+j+ \\ & \quad k+l+m+n+o+p && (2) \end{aligned}$$

$$x = \begin{cases} y & \text{if } y > 0 \\ z+y & \text{otherwise} \end{cases}$$

et voila . . . that's it . . .
